TDC. 1 and future

THE STANDARD MOTOR CO. LTD. — SPARES DEPARTMENT  
FLETCHAMSTEAD HIGHWAY . . . . . COVENTRY

Telephone Coventry 62471 (4 lines)

# INSTRUCTIONS FOR ORDERING REPLACEMENT PARTS

This list is liable to alteration without notice. We reserve the right to alter descriptions, prices and terms.

All parts are subject to prices and conditions ruling at the time of delivery.

Proprietary articles are subject to 'makers' prices and conditions.

## CHASSIS NUMBERS.

Always give the chassis number with prefix or suffix letters (if any) of the car concerned. This will save delay and ensure speedy despatch. The chassis number will be found on a brass plate on scuttle under bonnet. The Standard Motor Co. Ltd. have taken every care in compiling this list but they cannot accept responsibility for inaccuracies which may have occurred.

## QUANTITIES.

Do not designate the quantities by sets, but state specifically how many parts are required.

## FULL DETAILS ESSENTIAL.

The parts required should be looked up in the list and the part number quoted, as well as the technical description. If any doubt exists as to name or number of the part a dimensioned sketch or the old part should be sent to assist us in giving prompt service. Always specify whether the parts are required for right hand or left hand drive machines.

## PATTERNS.

When parts are sent as patterns it is important that these should be carefully and individually labelled indicating the address of the sender, together with advise by separate post giving any reference or order number which will enable us to deal with the matter promptly. All patterns must be sent carriage paid to Spares Dept., Fletchamstead Works, Coventry.

Old parts sent as patterns will not be returned unless special instructions to that effect are given on the order.

## ORDERS FOR PARTS.

Orders for parts should always be sent on a separate form, and not with correspondence or guarantee matters.

## PAYMENT.

In the absence of an approved account all parts will be sent c.o.d. or a pro forma invoice will be issued. Alternatively orders should be covered by the necessary remittance.

## PRICES.

All prices quoted in the master parts price list are subject to alteration without notice. Delivery carriage paid; packing cases are chargeable but will be credited upon return in good condition carriage paid.

## ORDER FROM YOUR LOCAL DEALER.

We strongly recommend Standard owners who require parts to obtain these from the nearest Standard distributor or dealer.

## CAUTION.

Use only genuine Standard Motor Co. Ltd. replacement parts.

COMMISSION NUMBERS AND SUFFIX  
TDB.1 to TDB.6500 — TDC.1 and future

## CAR REPAIRS

A service school has been established where agents' representatives are trained in the upkeep and maintenance of STANDARD cars. Customers should therefore avail themselves of the service which our agents are able to give in all matters relative to service and maintenance.

We maintain a service and repairs department at London and a most up-to-date service station at Coventry where customers' cars can be taken either for adjustment or overhauls to estimate.

Payment for car repairs must be made when machines are collected.

Our staff drive customers' cars at owners' risk and responsibility.

We take every precaution against fire, but we do not accept liability for any damage which may be caused by fire to any car or part thereof entrusted to us for any purpose whatever.

The following information will enable owners of STANDARD cars to get into immediate communication with the Company's various departments.
